### Colonial Chemical, Inc.

8 years 9 months

#### Quality Assurance - Receiving

July 2016 - November 2022 (6 years 5 months)  
South Pittsburg, TN

Manage the raw material approval process, including labeling, sampling, and testing. Work with vendors to ensure quality and consistency of all incoming chemicals before they go into CCI's finished goods.

#### Quality Analyst

March 2014 - July 2016 (2 years 5 months)  
South Pittsburg, TN

Visually & chemically ensures the manufacturing process goes according to specification. Requires excellent time management and a strong ability to prioritize tasks. Multi-tasking is key. Maintains and calibrates laboratory equipment. Coordinates with production and senior staff to relay accurate information in a timely manner.

### Fuji-Film Hunt Chemicals

Process Development Chemist - Internship  
April 2011 - January 2013 (1 year 10 months)  
Dayton, TN

Extensive training in lab synthesis, process scale up, analytical instrumentation, specification development, and quality control. Research and development of existing and new products; provided troubleshooting support when production deviated from control specifications.

## Roadtec

### Engineering Clerk

January 2010 - January 2011 (1 year 1 month)

I was responsible for working with and printing schematic drawings that were used to build large road paving machines. Team oriented work. Performed general office duties and developed AS400 expertise.

## Deck Masters

### Sub-Contractor

August 2004 - November 2008 (4 years 4 months)

Built decks, barns, gazebos, and framed houses. Worked in close proximity with others; excelled in teamwork efficiency. Besides the the physical labor, the job involved strict safety precautions, customer interaction, and deadlines.

## YMCA

### Lifeguard

August 2003 - August 2006 (3 years 1 month)

I was responsible for the safety and supervision of the YMCA members. Very strict safety and procedure guidelines were followed. The job also entailed pool maintenance, including the routine inspection of the pH.
